

**CHARTER TOWNSHIP OF LANSING
COMPREHENSIVE ROAD REPAIR
PLAN
2015-2024**

**Prepared by: Charter Township of Lansing
Public Works Committee
Leo Rodgers, Chair
Diontrae Hayes, Member
Tracie Harris, Member**

Introduction

Road maintenance and repair are critical to both neighborhoods and businesses. Good roads allow safe travel.

Road maintenance helps ensure that neighborhoods do not deteriorate and roads remain safe for residents and visitors.

Roads that are deteriorated need to be repaired and maintained on a consistent basis to ensure safety and improve quality.

Background

Lansing Township is provided with a road match from Ingham County every year for road repair and maintenance. Unfortunately, Lansing Township is only able to work on a few roads per year. On August 5, 2014 voters in Lansing Township approved a sidewalk and road repair millage. The following plan will outline the goals and objectives for road maintenance and repair over the next decade in Lansing Township. These goals include use of both matching funds and new funds provided by the millage.

Goals and Objectives

1. To repair roads in an organized and thorough way by dividing the township neighborhoods into workable sections doing the most deteriorated roads first.
2. Repair and maintain local roads in the township.
3. Maintain roads that have been repaired but may need patchwork or sealing.

The following dates are approximate and subject to change.

Road repair schedule

2015

1. Genesee
2. N. Grace
3. Bon Air(south of Michigan)

2016

1. Hopkins
2. Woodruff
3. Chester
4. Covington

2017

1. W. Kalamazoo
2. Sober
3. Lentz Ct.

2018

1. Fernwood
2. Charles
3. Detroit(south of Marcus)
4. Clippert(south of Kalamazoo)

2019

1. Oakcliff
2. Ravenswood
3. Pickwick
4. Eastfield

2020

1. David
2. Kimberly
3. Marguerite
4. Foster
